Plan Highlights	In-Network	Out-of-Network
Plan Deductible The amount you pay for all covered expenses counts toward both your in-network and out-of-network deductibles. Plan deductible always applies before any benefit copay/deductible or coinsurance. Plan deductible does not apply to in-network preventive services. Family members meet only their individual deductible and then their claims will be covered under the plan coinsurance; if the family deductible has been met prior to their individual deductible being met, their claims will be paid at the plan coinsurance. This plan includes a combined Medical/Pharmacy plan deductible. In-Network Generic as well as Preferred and Non-Preferred Brand preventive drugs and products included in the Preventive Plus Package will not be subject to deductible. This may apply to drugs for: Asthma, Cholesterol Lowering, Depression, Diabetes (including diabetic supplies and continuous glucose monitor supplies), Heart Disease and Stroke, High Blood Pressure, Osteoporosis, Prenatal Vitamins. Note: Services where plan deductible applies are noted with a caret (^).	Individual - Employee Only: \$3,200 Family Maximum: \$6,400	Individual - Employee Only: \$3,200 Family Maximum: \$6,400
Plan Out-of-Pocket Maximum The amount you pay for all covered expenses counts towards both your in-network and out-of-network out-of-pocket maximums. Plan deductible contributes towards your out-of-pocket maximum. All benefit copays/deductibles contribute towards your out-of-pocket maximum. Covered expenses that count towards your out-of-pocket maximum include customer paid coinsurance and charges for Mental Health and Substance Use Disorder. Out-of-network non-compliance penalties or charges in excess of Maximum Reimbursable Charge do not contribute towards the out-of-pocket maximum. After each eligible family member meets his or her individual out-of-pocket maximum, the plan will pay 100% of their covered expenses. Or, after the family out-of-pocket maximum has been met, the plan will pay 100% of each eligible family member's covered expenses. This plan includes a combined Medical/Pharmacy out-of-pocket maximum.	Individual - Employee Only: \$3,200 Family Maximum: \$6,400	Individual - Employee Only: \$6,400 Family Maximum: \$12,800
Benefit	In-Network	Out-of-Network
Note: Services where plan deductible applies are noted with a caret (^). Plan deductible always applies before benefit copays/deductibles.		
Physician Services - Office Visits

Definitions

Coinsurance - After you've reached your deductible, you and your plan share some of your medical costs. The portion of covered expenses you are responsible for is called Coinsurance.

Copay - A flat fee you pay for certain covered services such as doctor's visits or prescriptions.

Deductible - A flat dollar amount you must pay out of your own pocket before your plan begins to pay for covered services.

Out-of-Pocket Maximum - Specific limits for the total amount you will pay out of your own pocket before your plan coinsurance percentage no longer applies. Once you meet these maximums, your plan then pays 100 percent of the "Maximum Reimbursable Charges" or negotiated fees for covered services.

Place of Service - Your plan pays based on where you receive services. For example, for hospital stays, your coverage is paid at the inpatient level.

Prescription Drug List - The list of prescription brand and generic drugs covered by your pharmacy plan.

Professional Services - Services performed by Surgeons, Assistant Surgeons, Hospital Based Physicians, Radiologists, Pathologists and Anesthesiologists

Transition of Care - Provides in-network health coverage to new customers when the customer's doctor is not part of the Cigna network and there are approved clinical reasons why the customer should continue to see the same doctor.

Exclusions

What's Not Covered (not all-inclusive):

Your plan provides for most medically necessary services. The complete list of exclusions is provided in your Certificate or Summary Plan Description. To the extent there may be differences, the terms of the Certificate or Summary Plan Description control. Examples of things your plan does not cover, unless required by law or covered under the pharmacy benefit, include (but aren't limited to):

Care for health conditions that are required by state or local law to be treated in a public facility.

Care required by state or federal law to be supplied by a public school system or school district.

Care for military service disabilities treatable through governmental services if you are legally entitled to such treatment and facilities are reasonably available.

Treatment of an Injury or Sickness which is due to war, declared or undeclared.

Charges which you are not obligated to pay and/or for which you are not billed. This exclusion includes, but is not limited to:

- o any instance where Cigna determines that a provider or Pharmacy did not bill you for or has waived, reduced, or forgiven any portion of its charges and/or any portion of any Copayment, Deductible, and/or Coinsurance amount(s) you are required to pay for an otherwise Covered Expense (as shown on The Schedule) without Cigna's express consent.
- o charges of a non-Participating Provider who has agreed to charge you at an in-network benefits level or some other benefits level not otherwise applicable to the services received.

In the event that Cigna determines that this exclusion applies, then Cigna in its sole discretion shall have the right to:

require you and/or any provider or pharmacy submitting claims on your behalf to provide proof sufficient to Cigna that you have made your required cost-share payment(s) prior to the payment of any benefits by Cigna;

deny the payment of benefits in connection with the Covered Expense, regardless of whether the provider or the pharmacy represents that you remain responsible for any amounts that your plan does not cover; or

reduce the benefits in proportion to the amount/cost-share ph(to pnifin proa:3de)40000153 199.. g [Coixclusion1(nefiOs.. g [Co53 199()1(p5Df

Exclusions

cataract surgery.

Eye exercises and surgical treatment for the correction of a refractive error, including radial keratotomy.

Acupuncture.

All non-injectable prescription drugs unless Physician administration or oversight is required, injectable prescription drugs to the extent they do not require Physician supervision and are typically considered self-administered drugs, non-prescription drugs, and investigational and experimental drugs, except as provided in this plan.

Products and supplies associated with the administration of medications that are available to be covered under the Prescription Drug Benefit. Such products and supplies include but are not limited to therapeutic Continuous Glucose Monitor (CGM) sensors and transmitters and insulin pods.

Routine foot care, including the paring and removing of corns and calluses and toenail maintenance. However, foot care services for diabetes, peripheral neuropathies and peripheral vascular disease are covered when Medically Necessary.

Membership costs and fees associated with health clubs, weight loss programs or smoking cessation programs.

Genetic screening or pre-implantations genetic screening. General population-based genetic screening is a testing method performed in the absence of any symptoms or any significant, proven risk factors for genetically linked inheritable disease.

Dental implants for any condition.

Fees associated with the collection, storage or donation of blood or blood products, except for autologous donation in anticipation of scheduled services when medical management review determines the likelihood of excess blood loss is such that transfusion is an expected adjunct to surgery.
