*\*The primary mentor can be a faculty member from any UNE college or program.*

*Faculty mentors are responsible for sponsoring and supervising the proposed project; ensuring that students stay on track, manage their budget, proceed in a timely fashion with project goals; and prepare to present their project in an open forum. Mentors are also responsible for guiding students through the IRB process if appropriate. Students and Faculty Mentors recognize that receipt of a Mini-Grant, and subsequent application to, and acceptance to any national or international conferences does not commit the Center to Advance Interprofessional Education and Practice to funding their expenses for registration, travel or lodging.*
